#### 2. EXCESS BAGGAGE CHARGES

Air Niugini Limited revised its Excess Baggage Charges effective 1 October 2017. This was to conform with relevant baggage application for the new Passenger Service System (PSS) that came online 30 September 2017. The action that Air Niugini took streamlined baggage applications on its entire network.

The action is adopted IATA 300 (weight concept) however minus the recommended charge rate ("*The excess baggage charge per kilogram is 1.5% of the highest normal direct adult one way economy class fare*").

**Note:** For the avoidance of doubt, IATA resolutions are guidelines and recommended practices which carriers can adopt or use to create their own rules to meet its business objective.

The Excess Baggage Charges listed below are applicable on Air Niugini services only and effective from 1 October 2017.
